To Whom It May Concern:

Infinigy has reviewed construction photos and general contractor redlined as-built drawings provided by Sprint of the site at the aforementioned location. Construction appears to have been completed in general conformance with the Construction Drawings Rev. 1, dated June 11, 2018 by Ramaker & Associates, Inc. Please see below comment with minor deviation from the origin design intent and which does not have any impact on original structural recommendations:

- Ice bridge was installed for cable routing, within existing Sprint ground lease area

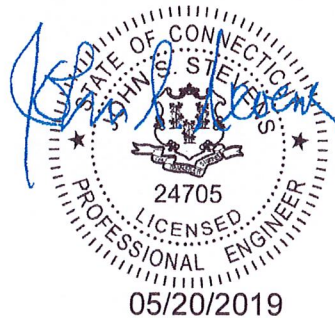

The installation appears to have been completed in general conformance with the structural recommendations provided in the Construction Drawings Rev. 1, dated June 11, 2018 and the Mount Assessment Report by Ramaker & Associates, Inc. dated April 23, 2018 and in accordance with all state and local building codes.

Please call me at 518.690.0790 should you have any questions on this matter.

Sincerely,  
Infinigy
