Re: **EM-VER-148-211004 – Cellco Partnership d/b/a Verizon Wireless Notice of Intent to Modify an Existing Telecommunications Facility Located at 1605 Durham Road, Wallingford, Connecticut**

**Request for 2<sup>nd</sup> Extension and Two Week Notice to Commence Construction**

Dear Attorney Bachman:

On November 26, 2021, the Siting Council acknowledged Cellco's request to modify its existing telecommunications facility at 1605 Durham Road in Wallingford, Connecticut. Cellco has not completed the approved modifications at this site but expects to begin work on or about March 11, 2024. We are therefore requesting an extension of the approval to November 26, 2024, to complete the approved modifications.

Please note that the latest DISH tower share filing (TS-DISH-148-220607), approved by the Council on July 22, 2022 includes the antenna and remote radio head models that the Council approved and Cellco plans to install in EM-VER-148-211004 referenced above.

Finally, we would also ask to rescind the site "Cancellation Notice" that we filed on September 15, 2023. The notice was filed in error. If you have any questions, please do not hesitate to contact me. Thank you in advance for your assistance and cooperation.

Sincerely,

Kenneth C. Baldwin
