RE: **EM-VER-148-211008** – Cellco Partnership d/b/a Verizon Wireless notice of intent to modify an existing telecommunications facility located at 37 North Main Street, Wallingford, Connecticut.

Dear Attorney Baldwin:

The Connecticut Siting Council (Council) is in receipt of your email of December 13, 2021 requesting an extension of time to submit documentation required to make the above-referenced filing complete in response to the Council's incomplete notice dated November 19, 2021.

The Council hereby grants a one-month extension of time to submit the required documentation by January 20, 2022.

Thank you for your attention to this matter.

Sincerely,

Melanie A. Bachman  
Executive Director

MAB/FOC/emr

Re: **EM-VER-148-211008 – Cellco Partnership d/b/a Verizon Wireless  
37 North Main Street, Wallingford, Connecticut**

**Request for Extension**

Dear Attorney Bachman:

On November 19, 2021, the Siting Council notified my office of a deficiency in the Structural Analysis (“SA”) Report submitted in the above referenced filing. We are in the process of correcting the deficiency but will not be able to do so prior to the December 20, 2021 deadline. We are, therefore, requesting an extension of 60 days to submit the updated SA Report.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Kenneth C. Baldwin

RE: **EM-VER-148-211008** - Cellco Partnership d/b/a Verizon Wireless notice of intent to modify an existing telecommunications facility located at 37 North Main Street, Wallingford, Connecticut.

Dear Attorney Baldwin:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on October 8, 2021.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the filing. The Structural Letter provided in Attachment 4 of the request appears to be an opinion letter and does not include a full Structural Analysis of Verizon's existing and proposed equipment including a percent loading on the structure and building.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Robinson & Cole provide a Structural Analysis Report including the proposed percent loading, on the structure and building on or before December 20, 2021. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to December 20, 2021. **Please provide an electronic version and one hard copy of the requested information for the incomplete exempt modification to be rendered complete and processed. Please include the Council's exempt modification identification number referenced above with the submittal.**

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman  
Executive Director
