RE: EM-SPRINT-151-181114 - Sprint notice of intent to modify an existing telecommunications facility located at 184 Garden Circle, Waterbury, Connecticut.

Dear Ms. Pelletier:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on November 14, 2018.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the Radio Frequency (RF) Emissions Report provided with the request. The RF report provided does not contain the minimum required data necessary for the Council to calculate the percentage maximum permissible exposure (%MPE) for the proposed modifications. Please see below a table showing the required data:

Table with 6 columns: Site Name, Carrier, No. of Channels, ERP/Ch (W), Ant Ht (Ft), Freq. (MHz)

Therefore, the exempt modification request is incomplete at this time. The Council recommends that SBA Communications provide the data referenced above on or before December 17, 2018. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to December 17, 2018.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

[Handwritten signature of Melanie Bachman]
