Re: **EM-VER-151-130729 – Cellco Partnership d/b/a Verizon Wireless
Farmdale Drive, Waterbury, Connecticut**

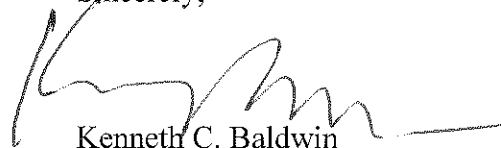

Dear Ms. Bachman:

On August 20, 2013, the Siting Council acknowledged receipt of Cellco's notice of intent to modify its telecommunications facility off Farmdale Drive in Waterbury. The modification involved the replacement of certain antennas and the installation of remote radio heads and fiber cable.

As a condition of the acknowledgement, Cellco was required to provide the Council with a letter stating that the recommendations specified in the structural report were implemented. Attached is a Tower Modification Certification Letter verifying that these conditions have been satisfied. All construction associated with these modifications has now been completed.

If you have any questions please do not hesitate to contact me or Rachel Mayo.

Sincerely,

Kenneth C. Baldwin

Re: Existing Telecommunications Facility Tower Modification Certification Letter

Project: Verizon ~ Waterbury
Farmdale Drive
Waterbury, CT

Tower Owner: American Tower Corporation
400 Regency Drive
Cary, NC 27518

Engineer: American Tower Corporation
400 Regency Drive, Cary, NC 27518

Centek Project No.: 13008.047

Dear Mr. Gauger,

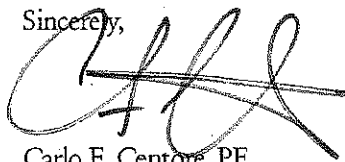

We are providing this "Existing Telecommunications Facility Tower Modification Certification Letter" with regard to the antenna upgrade by Verizon Wireless at the above referenced project.

The following are the basis for substantiating compliance with the American Tower structural analysis report (ATC Project No. 53056625) dated June 27, 2013:

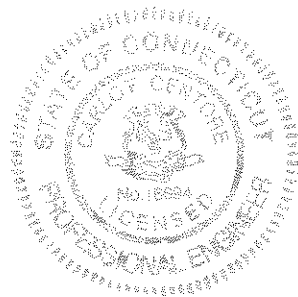

- Review of the ATC structural analysis report dated 06/27/2013.
- Field observations by Centek personnel of the coax installation on 04/10/2014 which determined all coax lines were installed in general compliance with the recommendations of the structural analysis report prepared by ATC on 06/27/2013.

The work under this Contract has been reviewed and found, to the Engineer's best knowledge, information and belief, to be completed in general compliance with the documents referenced above.

Sincerely,

Carlo F. Centore, PE
Principal ~ Structural Engineer
