RE: **EM-AT&T-151-221121** – AT&T notice of intent to modify an existing telecommunications facility located at 227 Whitewood Road, Waterbury, Connecticut.

Dear Hollis Redding:

The Connecticut Siting Council (Council) is in receipt of the request for an extension of construction time submitted on behalf of AT&T, for the above-referenced exempt modification request, dated October 20, 2023.

Pursuant to Condition No. 9 of the Council's decision letter dated December 27, 2022, the Council hereby grants an extension of time until December 27, 2024 to complete construction.

This extension is granted with the understanding that the Council will be notified should AT&T decide not to proceed with construction.

Sincerely,

Melanie A. Bachman
Executive Director

Dear Ms. Bachman:

AT&T received CT Siting Council approval on December 27, 2022, to make modifications to its Facility located at 227 Whitewood Road in Waterbury, CT. We respectfully request a one-year extension of time beyond the original one-year deadline. AT&T has yet to start construction on this project but expects to begin in the new year.

Please let me know if you have any questions. Thank you for your time and consideration.

Sincerely,

Hollis M. Redding

RE: **EM-AT&T-151-221121** – AT&T notice of intent to modify an existing telecommunications facility located at 227 Whitewood Road, Waterbury, Connecticut.

Dear Hollis Redding:

The Connecticut Siting Council (Council) hereby acknowledges your notice to modify this existing telecommunications facility, pursuant to Section 16-50j-73 of the Regulations of Connecticut State Agencies with the following conditions:

1. RF access restriction and caution signage shall be installed at the site in compliance with FCC guidance;
2. Any deviation from the proposed modification as specified in this notice and supporting materials submitted to the Council shall render this acknowledgement invalid;
3. Any material changes to this modification as proposed shall require the filing of a new notice with the Council;
4. The Council shall be notified in writing at least two weeks prior to the commencement of site construction activities;
5. Within 45 days after completion of construction, the Council shall be notified in writing that construction has been completed;
6. Deployment of any 5G services must comply with FCC and FAA guidance relative to air navigation, as applicable;
7. Any nonfunctioning antenna and associated antenna mounting equipment, or other equipment at this facility owned and operated by AT&T shall be removed within 60 days of the date the antenna or equipment ceased to function;
8. The validity of this action shall expire one year from the date of this letter; and
9. AT&T may file a request for an extension of time beyond the one year deadline provided that such request is submitted to the Council not less than 60 days prior to the expiration.

The proposed modifications including the placement of all necessary equipment and shelters within the tower compound are to be implemented as specified here and in your notice dated October 17, 2022, and additional information received December 9, 2022. The modifications are in compliance with the

exception criteria in Section 16-50j-72 (b) of the Regulations of Connecticut State Agencies as changes to an existing facility site that would not increase tower height, extend the boundaries of the tower site by any dimension, increase noise levels at the tower site boundary by six decibels or more, and increase the total radio frequencies electromagnetic radiation power density measured at the tower site boundary to or above the standards adopted by the Federal Communications Commission pursuant to Section 704 of the Telecommunications Act of 1996 and by the state Department of Energy and Environmental Protection pursuant to Connecticut General Statutes § 22a-162. This facility has also been carefully modeled to ensure that radio frequency emissions are conservatively below state and federal standards applicable to the frequencies now used on this tower.

This decision is under the exclusive jurisdiction of the Council. Please be advised that the validity of this action shall expire one year from the date of this letter. Any additional change to this facility will require explicit notice to this agency pursuant to Regulations of Connecticut State Agencies Section 16-50j-73. Such notice shall include all relevant information regarding the proposed change with cumulative worst-case modeling of radio frequency exposure at the closest point of uncontrolled access to the tower base, consistent with Federal Communications Commission, Office of Engineering and Technology, Bulletin 65. Thank you for your attention and cooperation.

Sincerely,

Melanie A. Bachman
Executive Director
