Re: **EM-VER-152-210809 – Cellco Partnership d/b/a Verizon Wireless
Telecommunications Facility, 45 Fargo Road, Waterford, Connecticut**

Completion of Construction

Dear Attorney Bachman:

The purpose of this letter is to notify the Siting Council that construction activity associated with the above-referenced facility modification has been completed.

As required by the Council's approval, attached is a letter from Centerline Communications dated March 9, 2023, verifying that Cellco's facility modifications were completed in accordance with the April 16, 2021 Mount Analysis Report by Maser Consulting.

If you have any questions or need any additional information regarding this facility, please do not hesitate to contact me.

Sincerely,

Kenneth C. Baldwin

Final Report of Special Inspections

Site Name: Montville 2 CT
Location Code: 469183
Fuze Id: 16271977
Project: 5G L-Sub6 – Carrier Add
Address: 45 Fargo Road, Montville, CT
Owner: Verizon Wireless

Date: March 9, 2023

Engineer of Record: Derek J. Creaser, P.E.
Centerline Communications, LLC.

To the best of my information, knowledge and belief, the Special Inspections required for this project, and itemized in the *Statement of Special Inspections* submitted for permit, have been performed and all discovered discrepancies have been reported and resolved.

Representatives of Centerline Communications, LLC performed the Final Inspections after the construction of the telecommunications facility at the above-referenced address. The Final Inspection was performed on August 13, 2022.

Based on my knowledge, information, and belief the Verizon Installation substantially conforms to the approved plans, IBC 2015, 2018 CT State Building Code, Structural Standards for Antenna Supporting Structures and Antennas (ANSI/TIA-222-G), and the following:

1. Final Construction Drawings dated 06/07/21 by Centerline Communications, LLC.
2. Mount analysis dated 04/16/21 by Maser Consulting.

All deviations from the approved plans do not endanger the intended occupancy of the facility and equipment substitutions are approved as equivalent to the original specifications.

Interim reports submitted prior to this final report form a basis for and are to be considered an integral part of this final report.

Respectfully submitted,
Special Inspector

Derek Creaser, P.E.
Director of A&E Services
