RE: **EM-VER-154-230221** - Cellco Partnership d/b/a Verizon Wireless notice of intent to modify an existing telecommunications facility located at 798 Toby Hill Road, Westbrook, Connecticut.

Dear Denise Sabo:

The Connecticut Siting Council (Council) hereby denies your request to modify the above-referenced existing telecommunications facility, pursuant to Section 16-50j-73 of the Regulations of Connecticut State Agencies.

This exempt modification request was submitted to the Council on February 21, 2023. Council staff reviewed this request for completeness and had identified deficiencies that were more fully described in a notice of incompleteness letter to the requesting entity dated March 6, 2023 and recommended that Verizon provide an RF Analysis that includes a cumulative far-field analysis for all entities on the tower; and an updated Mount Analysis that includes all of Verizon's proposed equipment that comports with the current 2022 Connecticut State Building Code on or before April 3, 2023. To date the Council has not received the requested information.

Thus, the proposed modification is not in compliance with the exemption criteria in Section 16-50j-72 (b) of the Regulations of Connecticut State Agencies and is hereby denied.

Sincerely,

Melanie Bachman  
Executive Director
