Re: **EM-VER-155-130306 – Cellco Partnership d/b/a Verizon Wireless
14-20 Isham Road, West Hartford, Connecticut**

Dear Ms. Bachman:

Attached is an Existing Telecommunications Facility Tower Certification Letter for the Isham Road tower verifying that the structural modifications required to accommodate Cellco's antenna modifications have been completed. All construction associated with the above-referenced modifications has now been completed.

If you have any questions please do not hesitate to contact me.

Sincerely,

Kenneth C. Baldwin

Re: Existing Telecommunications Facility Tower Certification Letter

Project: Verizon West Hartford Center
14-20 Isham Road
West Hartford, CT

Tower Owner: Cellco/M&R Gassner

Engineer: Centek Engineering
63-2 North Branford Road
Branford, CT

Centek Project No.: 14055.017

CSC Exempt Mod Reference No.: EM-VER-155-130306

Dear Mr. Gauger,

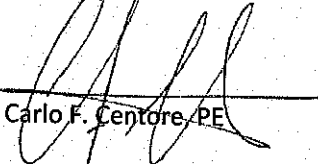

We are providing this "Existing Telecommunications Facility Tower Certification Letter" with regard to the antenna upgrade by Verizon Wireless at the above referenced project.

The following are the basis for substantiating compliance with the Centek Engineering structural analysis report (Centek Project No. 12124.CO54) dated January 21, 2013:

- Review of the Centek Engineering structural analysis report dated 01/21/2013.
- Review of the Centek Engineering reinforcement drawings N-1, N-2 and S-1 dated 01/18/2013.
- Field observations by Centek personnel of the guy wire installation on 01/08/2015 which determined all guy wires were installed in general compliance with the recommendations of the structural analysis report prepared by Centek Engineering on 01/21/2013.

The structural analysis prepared by Centek Engineering demonstrates the tower will not exceed 100 percent of the post construction structural rating. The work under this Contract has been reviewed and found, to the Engineer's best knowledge, information and belief, to be completed in general compliance with the documents referenced above.

Sincerely,

Carlo F. Centore, PE

Principal ~ Structural Engineer
