**Re: Connecticut Siting Council Audit  
MetroPCS Exempt Modifications - Notifications of Completion**

Dear Attorney Bachman:

We received your correspondence dated May 19, 2014 regarding the Connecticut Siting Council's 2013 first quarter audit of the MetroPCS and T-Mobile exempt modification acknowledgements and towershare approvals. You brought to our attention deficiencies in written notification of completion of construction and/or written notification of compliance with site-specific conditions.

Specifically as it relates to the MetroPCS sites, we have confirmed that none of the 90 MetroPCS exempt modification acknowledgements on the attached spreadsheet were ever implemented. The proposed modifications to these facilities were suspended as a result of the T-Mobile/MetroPCS merger.

As none of these facilities were ever modified and all of the acknowledgements have since expired, we respectfully submit that notices of completion are not required for these 90 MetroPCS sites.

We are researching the T-Mobile exempt modification written notification issues and will respond as soon as we have information responsive to your request.

Please let me know if you have any questions or need any additional information.

Sincerely,

  
Julie D. Kohler, Esq.

**RE: Exempt Modification and Tower Share Conditions and Notification of Completion**

Dear Attorney Kohler:

The Connecticut Siting Council (Council) acknowledges modifications to telecommunications facilities that satisfy the exemption criteria under Regulations of Connecticut State Agencies §16-50j-72. The Council also approves requests for shared use of existing telecommunications facilities that satisfy the criteria under Connecticut General Statutes §16-50aa and Regulations of Connecticut State Agencies §16-50j-89. The Council routinely imposes standard conditions in acknowledgments of exempt modifications and approvals of tower share requests, including a requirement that notification be provided to the Council upon completion of construction. The Council may also add site-specific conditions in acknowledgments of exempt modifications and approvals of tower share requests that require the requesting entities to provide written confirmation to the Council that the conditions have been met.

Council staff has conducted an audit of the exempt modifications and tower share decisions from January 1, 2013 through March 31, 2013, and has identified deficiencies in written notification of completion of construction and/or written notification of compliance with site-specific conditions.

Due to the merger between MetroPCS and T-Mobile, the Council is providing your office with a list for both carriers. Attached please find a list of exempt modifications and tower share requests that are currently not in compliance with the conditions imposed by the Council.

The Council hereby requests evidence of compliance on these matters before the close of business on July 1, 2014. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to July 1, 2014.

If you have any questions or concerns, please call the Council office at 860-827-2935.

Thank you for your attention to this matter.

Sincerely,

Melanie Bachman  
Acting Executive Director

Craig Cody  
Tower Resource Management  
16 Chestnut Street  
Suite 220  
Foxborough, MA 02035

RE: **EM-METROPCS-155-121228B-MA** - MetroPCS Massachusetts, LLC notice of intent to modify an existing telecommunications facility located at 1358 New Britain Avenue, West Hartford, Connecticut.

Dear Mr. Cody:

The Connecticut Siting Council (Council) hereby acknowledges your notice to modify this existing telecommunications facility, pursuant to Section 16-50j-73 of the Regulations of Connecticut State Agencies with the following conditions:

- Any deviation from the proposed modification as specified in this notice and supporting materials with Council shall render this acknowledgement invalid;
- Any material changes to this modification as proposed shall require the filing of a new notice with the Council;
- Not more than 45 days after completion of construction, the Council shall be notified in writing that construction has been completed;
- The validity of this action shall expire one year from the date of this letter; and
- The applicant may file a request for an extension of time beyond the one year deadline provided that such request is submitted to the Council not less than 60 days prior to the expiration;

The proposed modifications including the placement of all necessary equipment and shelters within the tower compound are to be implemented as specified here and in your notice dated December 28, 2012. The modifications are in compliance with the exception criteria in Section 16-50j-72 (b) of the Regulations of Connecticut State Agencies as changes to an existing facility site that would not increase tower height, extend the boundaries of the tower site, increase noise levels at the tower site boundary by six decibels, and increase the total radio frequencies electromagnetic radiation power density measured at the tower site boundary to or above the standard adopted by the State Department of Environmental Protection pursuant to General Statutes § 22a-162. This facility has also been carefully modeled to ensure that radio frequency emissions are conservatively below State and federal standards applicable to the frequencies now used on this tower.

This decision is under the exclusive jurisdiction of the Council. Please be advised that the validity of this action shall expire one year from the date of this letter. Any additional change to this facility will require explicit notice to this agency pursuant to Regulations of Connecticut State Agencies Section 16-50j-73. Such notice shall include all relevant information regarding the proposed change with cumulative worst-case modeling of radio frequency exposure at the closest point of uncontrolled access to the tower base, consistent with Federal Communications Commission, Office of Engineering and Technology, Bulletin 65. Thank you for your attention and cooperation.

Very truly yours,

Linda Roberts  
Executive Director

LR/CDM/jb

- c: The Honorable Scott Slifka, Mayor, Town of West Hartford  
Ronald VanWinkle, Town Manager, Town of West Hartford  
Mila Limson, Town Planner, Town of West Hartford  
Crown Castle

**METROPCS MASSACHUSETTS, LLC NOTICE OF INTENT TO MODIFY  
AN EXISTING TELECOMMUNICATIONS FACILITY AT  
1358 NEW BRITAIN AVE, WEST HARTFORD, CONNECTICUT**

Pursuant to the Public Utility Environmental Standards Act, Connecticut General Statutes § 16-50g et. Seq. (“PUESA”), and Sections 16-50j-72(b) and 16-50j-73 of the Regulations of Connecticut State Agencies (“R.C.S.A”) adopted pursuant to the PUESA, Metro PCS, Inc., by and through its agent MetroPCS Massachusetts, LLC (“MetroPCS”) and as successor in interest to Pocket Communications hereby notifies the Connecticut Siting Council of its intent to modify an existing facility located at 1358 New Britain Ave, West Hartford, Connecticut. The telecommunications facility is owned by Crown Castle International (“Crown”) and leased to MetroPCS

**MetroPCS’ Proposed Wireless Modifications**

MetroPCS as successor in interest to Pocket Communications achieved an initial exempt modification approval from the Siting Council to install antennas and related ground equipment on October 28, 2008. The facility consists of a one hundred and twenty-five (125) foot high monopole telecommunications tower (the “Tower”) within a fenced compound. MetroPCS now intends to modify the facility as shown on the enclosed plans prepared by Chappell Engineering Associates, LLC and annexed hereto as Exhibit 1. The modifications will consist of ground work only and entails expanding the existing MetroPCS lease area from 6’x6’ to 10’x7’, removing the one (1) existing radio cabinet and replacing with one (1) proposed radio cabinet and one (1) proposed battery cabinet. The existing ppc cabinet will remain resulting in a final ground configuration of one (1) radio cabinet, one (1) battery cabinet and one (1) ppc cabinet all within a 10’x7’ lease area. MetroPCS will not be modifying the existing antennas and related equipment installed on the tower at this time and therefore; will not affect the structural capacity of the existing tower.

In accordance with R.C.S.A Section 16-50j-73, a copy of this submission is being sent to the Town of West Hartford. A copy of this submission is also being sent to the West Hartford Methodist Church, the property owner on which the tower is located.

**MetroPCS’ Proposed Wireless Modifications Constitutes An “Exempt Modification”**

The proposed modification to the New Britain Ave Facility constitutes an exempt modification of an existing facility provided for in R.C.S.A Section 16-50j-72(b)(2) and Council regulations promulgated pursuant thereto.

- 1) The proposed modifications are restricted to ground equipment only and will not result in an increase in the height of the existing tower.
- 2) The proposed modifications will not require expansion of the site boundaries.
- 3) The proposed modifications will not increase noise levels at the facility by six decibels or more.

- 4) MetroPCS' proposed facility will not increase the cumulative radio frequency electromagnetic radiation power density at the Tower site's boundary to or above the standard adopted by the Connecticut Department of Environmental Protection as set forth in Section 22a-162 of the Connecticut General Statutes and MPE limits established by the Federal Communications Commission. A cumulative General Power Density table for MetroPCS' proposed modified facility is included as Exhibit 2.

For all the foregoing reasons, MetroPCS' respectfully submits that the proposed modifications to the above-referenced telecommunications facility constitutes an exempt modification under R.C.S.A Section 16-50j-72(b)(2)

Respectfully submitted,
