RE: TS-DISH-155-190208 – Dish Wireless request for an order to approve tower sharing at an existing telecommunications facility located at 467 South Quaker Lane, West Hartford, Connecticut.

Dear Ms. Zsamba:

The Connecticut Siting Council (Council) received the tower share request for the above-referenced facility on February 8, 2019.

According to Section 16-50j-90 of the Regulations of Connecticut State Agencies, “no tower share application shall be approved until a complete application containing all information deemed relevant by the Council has been filed. Relevant information shall at a minimum include that listed in Section 16-50j-89 of the Regulations of Connecticut State Agencies...”

Staff has reviewed this tower share request for completeness and has identified a deficiency in the Structural Analysis Report (SA) provided with the request. The SA prepared by Crown Castle and dated December 6, 2018, proposes the installation of five remote radio units; however, the Construction Drawings prepared by Infinigy and dated January 14, 2019, indicate the installation of eight remote radio units.

Therefore, the tower share request is incomplete at this time. The Council recommends that Crown Castle provide a structural analysis report that is consistent with the construction drawing on or before March 18, 2019. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to March 18, 2019.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie A. Bachman
Executive Director/Staff Attorney
