RE: **EM-CING-157-181106** – New Cingular Wireless PCS, LLC (AT&T) notice of intent to modify an existing telecommunications facility located at 237 Godfrey Road, Weston, Connecticut.

Dear Ms. Nowak:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on November 6, 2018.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the Structural Analysis Report provided with the filing. The Structural Analysis Report provided is dated October 24, 2018. The Council had approved a request for exempt modification from Sprint for the same facility in November of 2017. The above-referenced request for exempt modification does not include Sprint's approved equipment, nor does it include an accurate account of other carriers' equipment. Please see Sprint's exempt modification filing for this facility, which may be found on the Council's website under the Decisions page in Weston under the filing number EM-SPRINT-157-171103 or by following the link:

https://www.ct.gov/csc/lib/csc/ems/weston/godfreyrd/sprint/em-sprint-157-171103_dcltr_godfreyrd.pdf

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Centerline Communications provide an updated Structural Analysis Report for the facility that accounts for all existing and approved equipment for all entities that are located at this facility, on or before December 10, 2018. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to December 10, 2018.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman
Executive Director
