RE: **EM-T-MOBILE-157-190605** – T-Mobile notice of intent to modify an existing telecommunications facility located at 237 Godfrey Road East, Weston, Connecticut.

Dear Mr. Richers:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on June 5, 2019.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the Construction Drawings (CD) Prepared by Centek Engineering and dated May 17, 2019. A structural note on page C-2 of the CD references a Structural Analysis Report (SA) prepared by Centek and dated May 8, 2019. This is inconsistent with the SA provided with the request which is dated May 21, 2019.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Transcend Wireless provide a CD that references the SA provided with the request, on or before July 31, 2019. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to July 31, 2019. **Please provide an electronic version and one hard copy of the required documents for the incomplete request to be rendered complete and processed.**

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman
Executive Director

MAB/IN/emr
