RE: **EM-SPRINT-076-140813** – Sprint Spectrum L.P. notice of intent to modify an existing telecommunications facility located at 8 Meetinghouse Lane, Madison, Connecticut.

EM-SPRINT-158-140815 – Sprint Spectrum L.P. notice of intent to modify an existing telecommunications facility located at 20 Post Office Lane, Westport, Connecticut.

Dear Ms. Notaro:

The Connecticut Siting Council (Council) staff has reviewed the two exempt modification filings referenced above and found inconsistencies in the filings. The hard copy of the Structural Analysis Report for the Meetinghouse Lane, Madison filing was stamped and signed by William Garrett and dated August 1, 2014, while the electronic version of the Structural Analysis Report was stamped and signed by Raphael Mohamed with a date of August 1, 2014.

You provided an original and two copies of the exempt modification filing for the Post Office Lane, Westport site. Two of these hard copies contained a Structural Analysis Report that was stamped and signed by William Garrett with a stamped date of July 28, 2014, while the third hard copy version of the same report was stamped and signed by Raphael Mohamed with a stamped date of July 31, 2014. The electronic version was stamped and signed by William Garrett and dated July 17, 2014. A copy of each cover page for these Structural Analysis Reports is attached for your convenience.

Please make sure the electronic and hard copy filings of the exempt modification documents are consistent and contain the official, stamped Structural Analysis Report for the subject request. Otherwise, the request will be rejected.

Thank you for your attention to this important matter.

Very truly yours,
