RE: **EM-VER-158b-210902** – Cellco Partnership d/b/a Verizon Wireless notice of intent to modify an existing telecommunications facility located at 20 Post Office Lane (a/k/a 0 Maple Lane), Westport, Connecticut.

Dear Mr. Coleman:

The Connecticut Siting Council (Council) is in receipt of your correspondence of November 9, 2021, submitted in response to the Council's October 18, 2021 notification of an incomplete request for exempt modification with regard to the above-referenced matter.

The submission renders the request for exempt modification complete and the Council will process the request in accordance with the Federal Communications Commission 60-day timeframe.

Thank you for your attention and cooperation.

Sincerely,

A handwritten signature in black ink, appearing to read "Melanie Bachman".

PETITION NO. 394 - Springwich Cellular Limited Partnership (Springwich) Petition for a Declaratory Ruling that no amendment to the Certificate of Environmental Compatibility and Public Need is required to replace the existing tower and expand the site boundaries to accommodate tower sharing at an existing telecommunications facility located at 20 Post Office Lane in Westport, Connecticut.	} } } }	Connecticut Siting Council August 25, 1998
--	------------------	---

Decision & Order

Pursuant to the foregoing Findings of Fact and Opinion, and in accordance with the provisions of Regulations of Connecticut State Agencies §§ 16-50j-38 through 16-50j-39, the proposed modifications to an existing telecommunications facility located at 20 Post Office Lane in Westport, Connecticut will not have a substantial adverse environmental effect; therefore, an amendment to the Certificate of Environmental Compatibility and Public Need issued in Docket 166 on August 29, 1995, is not required.

The modifications shall be implemented substantially as specified in the Council’s record in this matter and subject to the following conditions:

1. Springwich Cellular Limited Partnership (SCLP) shall provide the Council a recalculated report of electromagnetic radio frequency power density when circumstances in operation cause a change in power density above the levels originally calculated and provided in the petition.
2. If the facility does not provide, or permanently ceases to provide the proposed telecommunications services following completion of construction, this Decision and Order shall be void, and the petitioner shall dismantle and remove the tower, antennas, and all associated equipment within 60 days after such equipment ceases to provide the proposed telecommunications services or reapply to the Council for any proposed new use.
3. SCLP shall provide advance notice two days prior to the commencement of construction. SCLP shall notify the Council upon completion of construction and commencement of operations.
4. No fill material or structures shall be placed in the area adjacent to the facility compound designated as a 100-year flood zone.
5. Low profile platforms, similar in design and appearance, shall be used and painted blue to match the color of the replacement tower.
6. The antenna canister for Omnipoint Communications may not be located above the top of the replacement tower.
7. All other applicable orders issued in the Council’s Decision and Order for Docket 166 remain in effect.
