RE: EM-ATT-159-231222 - New Cingular Wireless PCS, LLC (AT&T) notice of intent to modify an existing telecommunications facility located at 75 Wells Road, Wethersfield, Connecticut.
Decision – Denial.

Dear Catherine Conklin:

The Connecticut Siting Council (Council) hereby denies your request to modify the above-referenced existing telecommunications facility, pursuant to Section 16-50j-73 of the Regulations of Connecticut State Agencies (RCSA).

According to RCSA Section 16-50j-71, "...any modification, as defined in Section 16-50j-2a of the [RCSA], to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the [RCSA], may have a substantial adverse environmental effect."

Staff has reviewed this request for completeness and has identified a deficiency in compliance with the criteria set forth in RCSA Section 16-50j-72. The exempt modification request dated December 15, 2023 states, "The proposed modifications will not require the extension of the site boundary." However, Sheet A-1 of the request indicates an expanded lease area beyond the fencing on the northeast corner of the site.

It is evident that AT&T is requesting to extend the lease area beyond the existing fence of the site. This request to extend the lease area of an existing site is not consistent with the criteria set forth in RCSA Section 16-50j-72. Such a request is properly submitted to the Council in the form of a petition for a declaratory ruling.

Therefore, this request does not qualify as an exempt modification request and it is hereby rejected on that basis. The Council recommends that AT&T submit a petition for declaratory ruling.

Sincerely,

Melanie Bachman
Executive Director
