PROJECT CERTIFICATION – FINAL REPORT

Property Owner of Record: Isabel N Drobney
Project Title: Verizon 325146
Street Address: 56 Cosgrove Road, Willington, CT 06279
Site Name: Wallingford 1
Project Scope: Telecommunications equipment upgrade
Permit #: 10731

Engineered Tower Solutions, PLLC (ETS) has reviewed post-construction photos, as-built drawings, mount analysis (MA), and the building permit as provided by the general contractor, D&A Construction. The purpose of ETS's review was to ensure the work completed under this permit was performed in general conformance with the Construction Drawings (dated November 11, 2021) prepared by ETS. The conclusion of this review is that, to the best of my knowledge, site construction has been completed in accordance with the said approved drawings with one exception. The RRH located in position 2 on the MA has been mounted on the position 1 mount pipe; This should not significantly impact the loading and thus is acceptable.

If you have any questions, please do not hesitate to contact the undersigned.

Sincerely,

Frederic Geoff Bost, P.E.
