**RE: Commencement of Construction Activity – EM-T-MOBILE-160-220603
426 River Rd, Willington, CT 06279**

Dear Ms. Bachman:

The purpose of this letter is to notify the Siting Council that the construction activity associated with the above-referenced T-Mobile telecommunications facilities has been completed.

If you have any questions or need any additional information regarding these facilities, please do not hesitate to contact me.

Respectfully,

Cullen Morgan

Subject: Engineer's Certification of Completion

Carrier Designation: Site ID: CT11261C

Engineering Firm Designation: Project Number: 167249.001.01

Site Data: 426 River Road, Willington, CT 06279
Latitude 41.890755°, Longitude -72.289380°
Wireless Telecommunications Facility

Dear Jeff York,

I, Chad Tuttle, P.E., a registered professional engineer in the state of Connecticut with Registration No. 23924, have examined site photographs provided by the client, last dated August 10, 2022, for the Wireless Telecommunications Facility referenced above. Based on the photographs provided; As Built drawings certified by Andre Charles of Link Wireless, dated August 10, 2022; and the construction drawings by B+T Group dated May 11, 2022; I hereby certify that to the best of my knowledge, information, and belief all constructed improvements are in substantial compliance with the permitted construction drawings approved by the Connecticut Siting Council (last revised May 11, 2022) and that said improvements meet the intent of the applicable Codes listed on said drawings (e.g., 2015 IBC and NEC 2017).

In my professional opinion, any minor deviations from the drawings and specifications will not prevent the project from functioning in compliance with the requirements of the Connecticut Siting Council and other applicable regulatory agencies listed in the drawings.

Should you have any questions or require any additional information, please do not hesitate to contact our office. Thank you.

Engineer's Certification of Completion prepared by: Bhree Barrett

Respectfully submitted by: MTS Engineering P.L.L.C.
