Notice of Compliance with Conditions and Construction Completion

Dear Attorney Bachman:

The T-Mobile site referenced above was approved by The Connecticut Siting Council (Council) on March 27, 2023 as an Exempt Modification. T-Mobile is now requesting the close out of the approval and hereby acknowledges the following conditions were met:

1. RF access restriction and caution signage shall be installed at the site in compliance with FCC guidance;
2. Any deviation from the proposed modification as specified in this notice and supporting materials submitted to the Council shall render this acknowledgement invalid;
3. Any material changes to this modification as proposed shall require the filing of a new notice with the Council;
4. The Council shall be notified in writing at least two weeks prior to the commencement of site construction activities;
5. Within 45 days after completion of construction, the Council shall be notified in writing that construction has been completed;
6. Deployment of any 5G services must comply with FCC and FAA guidance relative to air navigation, as applicable;

7. Any nonfunctioning antenna and associated antenna mounting equipment, or other equipment at this facility owned and operated by T-Mobile shall be removed within 60 days of the date the antenna or equipment ceased to function;
8. The validity of this action shall expire one year from the date of this letter; and
9. T-Mobile may file a request for an extension of time beyond the one year deadline provided that such request is submitted to the Council not less than 60 days prior to the expiration.

The attached PE Closeout Letter dated November 30, 2023 provides evidence of compliance with the conditions outlined by the Council. In addition, T-Mobile hereby notifies the Council that construction of the acknowledged modifications was completed as of October 5, 2023, please find attached photos of the completed modifications to this facility.

Sincerely,

Victoria Masse

Dear Building Inspector:

Foresite LLC. has completed a post-construction review of the above-referenced Telecommunications site. Our compliance review included the following:

Site description:

The subject structure is an existing 170 ft. tall monopole located at 47 Turnpike Rd, Willington, CT 06279. T-Mobile currently operates a telecommunication facility composed of (3) panel antennas, (1) per each sector, supported on a platform on the monopole. The antennas in all sectors have a RAD center of 159' AGL. As it relates to this project T-Mobile has removed (6) of (6) existing antennas and replaced them with (3) new antennas on a new antenna support platform at elevation 159' AGL. T-Mobile has also modified the existing Equipment on the ground and cables on the tower.

Reference documents:

Construction documents (Rev 2) dated 01/30/2023, prepared by Foresite LLC.
Structural analysis report dated 02/17/2023 prepared by Paul J. Ford & Company.
Mount Structural analysis report (Rev 1) dated 01/18/2023 prepared by EFI Global, Inc.

Conclusion:

Based on our review of the completed construction and above referenced information, to the best of our knowledge, information and belief, the construction by T-Mobile, substantially complies with the recommendations and design requirements of the above referenced Construction documents and Structural analysis report. Should you have any questions regarding the foregoing review, please contact me at 617-527-3031.

Sincerely yours,
