Good Afternoon,

We have completed the AT&T modifications on the existing telecommunications facilities at the subject site and are looking to close the CSC Permit. Attached is the Final CCA from the Engineer.

Should you require any additional information, please let us know.

Thank you.

Karin

Subject: Construction Completion Letter

Carrier Designation: Site Name: CTL05139

Engineering Firm Designation: B+T Group Project Number: 92492.007.01

Site Data: 99 Day Hill Road, Windsor, CT 06095
Latitude 41.871139°, Longitude -72.671111°
Monopole

Dear Robert Forest,

B+T Group is pleased to submit this “Construction Completion Letter” regarding the above-mentioned Monopole.

We reviewed the photographs of the telecommunications equipment installed on the Monopole, taken on December 23, 2021. Based on the photographs provided, As-Built dated December 23, 2021, and the construction drawings by B+T Group dated December 1, 2021, this telecommunications site has the following antennas and associated equipment installed in three sectors on the Monopole.

- (9) Existing Antennas
- (9) Existing Radios
- (6) Existing TMAs
- (3) Existing Surge Protectors
- (1) New Mount
- (1) New Dual Ring Mount Collar
- (3) New RRUDSM Back-to-Back Radio Mounts
- (3) New Antennas
- (6) New Radios

The quantities and types of antennas and associated equipment from the photographs are in structural compliance, therefore, it is our opinion that the antennas and associated equipment were properly installed.

We at B+T Group appreciate the opportunity of providing our continuing professional services to you and Crown Castle. If you have any questions or need further assistance on this or any other projects, please give us a call.

Construction Control Inspection Letter prepared by: Bthree Barrett

Respectfully submitted by: B+T Engineering, Inc. (COA PEC.0001564 Exp. 2/1/2023)

Chad Tuttle, P.E.
Engineer of Record
