RE: Notice of Work Complete  
2-4 Volunteer Drive  
Windsor Locks, CT 06096  
Sprint Site #: DOMU\_CT43XC828  
EM-SPRINT-165-171006

Members of the Siting Council:

On behalf of Sprint Spectrum, SBA Communications is hereby notifying the Connecticut Siting Council that work has been completed at the aforementioned telecommunications facility.

Pursuant to the Council's letter of acknowledgement dated October 23, 2017, please find the enclosed documentation certified by a Professional Engineer that Sprint's installation complied with the recommendations of the structural analysis dated 8/23/17.

Thank you,

RE: **EM-SPRINT-165-171006** - Sprint notice of intent to modify an existing telecommunications facility located at 2-4 Volunteer Drive, Windsor Locks, Connecticut.

Dear Ms. Pelletier:

The Connecticut Siting Council (Council) hereby acknowledges your notice to modify this existing telecommunications facility, pursuant to Section 16-50j-73 of the Regulations of Connecticut State Agencies with the following conditions:

1. The proposed feed lines shall be installed in Figure 1 in the Appendix, consistent with Structural Analysis Report prepared by Velocitel, Inc, dated August 23, 2017 and stamped by Dennis Abel;
2. Within 45 days following completion of the equipment installation, Sprint shall provide documentation certified by a Professional Engineer that its installation complied with the recommendations of the structural analysis;
3. Any deviation from the proposed modification as specified in this notice and supporting materials with the Council shall render this acknowledgement invalid;
4. Any material changes to this modification as proposed shall require the filing of a new notice with the Council;
5. Within 45 days after completion of construction, the Council shall be notified in writing that construction has been completed;
6. Any nonfunctioning antenna and associated antenna mounting equipment on this facility owned and operated by Sprint shall be removed within 60 days of the date the antenna ceased to function;
7. The validity of this action shall expire one year from the date of this letter; and
8. The applicant may file a request for an extension of time beyond the one year deadline provided that such request is submitted to the Council not less than 60 days prior to the expiration.

The proposed modifications including the placement of all necessary equipment and shelters within the tower compound are to be implemented as specified here and in your notice dated October 5, 2017. The modifications are in compliance with the exception criteria in Section 16-50j-72 (b) of the Regulations of Connecticut State Agencies as changes to an existing facility site that would not increase tower height, extend the boundaries of the tower site by any dimension, increase noise levels at the tower site boundary by six decibels or more, and increase the total radio frequencies electromagnetic radiation power density measured at the tower site boundary to or above the standards adopted by the Federal Communications Commission pursuant to Section 704 of the Telecommunications Act of 1996 and by the state Department of Energy and Environmental Protection pursuant to Connecticut General Statutes § 22a-162. This facility has also been

carefully modeled to ensure that radio frequency emissions are conservatively below state and federal standards applicable to the frequencies now used on this tower.

This decision is under the exclusive jurisdiction of the Council. Please be advised that the validity of this action shall expire one year from the date of this letter. Any additional change to this facility will require explicit notice to this agency pursuant to Regulations of Connecticut State Agencies Section 16-50j-73. Such notice shall include all relevant information regarding the proposed change with cumulative worst-case modeling of radio frequency exposure at the closest point of uncontrolled access to the tower base, consistent with Federal Communications Commission, Office of Engineering and Technology, Bulletin 65. Thank you for your attention and cooperation.

Very truly yours,

Melanie A. Bachman  
Executive Director

**Site Name: Windsor Locks At Volunteer Drive**  
**2-4 Volunteer Drive**  
**Windsor Locks, CT 06096**

To Whom It May Concern: .

Dewberry Engineers Inc. has reviewed construction photos provided by SBA Communications Corp. of the site at the aforementioned location. Construction appears to have been completed in general accordance with the Construction Drawings Rev. 0, dated September 13, 2017 by B+T Group. The installation appears to have been completed in accordance with the structural recommendations provided in the Structural Analysis Report by Velocitel Inc., dated August 23, 2017 and in accordance with all state and local building codes.

Please call me at 973.739.9400 should you have any questions on this matter.

Sincerely,  
Dewberry Engineers Inc.
