RE: **EM-SPRINT-166-180924** – Sprint notice of intent to modify an existing telecommunications facility located at 347 East Street, Wolcott, Connecticut.

Dear Mr. Barbadora:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on September 24, 2018.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the request. The recommendations of the Structural Modification Report prepared by Jacobs Engineering Group, Inc. and dated July 10, 2018 found in section 4.1 states, "perform the modifications detailed in 'Appendix D' to remedy the deficiencies identified in Crown Castle Work Order No. 1575608". There were no appendices included with this submission and no document identified as Crown Castle Work Order No. 1575608 was included either.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Crown Castle provide the referenced Appendix and Crown Castle Work Order on or before November 1, 2018. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to November 1, 2018.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman
Executive Director

MAB/FOC/IN
