To whom it may concern,

Infinigy has conducted a post-construction review and evaluation of the site referenced above. Infinigy has prepared the drawings for the aforementioned site and as such, we have conducted a final site review for the sole purpose to verify that the installation was completed in accordance with the site plans.

Based on our review of the signed and sealed construction documents for this site issued by Infinigy (Revision 0, 08/12/2021), and the as-built drawings and post construction photographs provided by the contractor, it is our opinion that the site was built in general conformance with the site plans as prepared by Infinigy.

If you have questions or comments, please do not hesitate to contact me at (678) 488-8818.
