RE: Notice of Work Complete
1201 Wolcott Rd
Wolcott, CT
Sprint Site #: NV2.5_CT33XC073
EM-SPRINT-166-140530

Members of the Siting Council:

On behalf of Sprint Spectrum, SBA Communications is hereby notifying the Connecticut Siting Council that work has been completed at the aforementioned telecommunications facility.

Pursuant to the Council's letter of acknowledgement dated June 16, 2014, please find the enclosed Statement of Special Inspections confirming that the installation meets with the recommendations made in the structural analysis report.

Thank you,

Final Report of Special Inspections

Project: CT33XC073 Wolcott - SPRINT (NV2.5 PROJECT)

Location: 1201 Wolcott Road, Wolcott, CT

Owner: SBA Towers, LLC

Owner's Address: 5900 Broken Sound Parkway
Boca Raton, FL 33487

Engineer of Record: Derek J. Creaser, P.E.
Hudson Design Group, LLC.

To the best of my information, knowledge and belief, the Special Inspections required for this project, and itemized in the *Statement of Special Inspections* submitted for permit, have been performed and all discovered discrepancies have been reported and resolved.

Comments: Based on my knowledge, information and belief the completed construction substantially conforms to the approved plans, Connecticut State Building Code, Structural Standards for Steel Antenna Towers and Antenna Supporting Structures (ANSI/TIA/EIA-222-F), the equipment manufacturer's installation guidelines, and the following:

1. Final Construction Drawings dated 06-10-2014, prepared by Hudson Design Group, LLC.
2. Passing Structural Analysis dated 04-09-2014, prepared by FDH Engineering, Inc.

All deviations from the approved plans do not endanger the intended occupancy of the facility and equipment substitutions are approved as equivalent to the original specifications. Construction has been satisfactorily completed. Specifically, as required by the Acknowledgment Letter, the work complied with the following structural conditions imposed by the CT Siting Council: The coax lines and accessory equipment was installed in accordance with the recommendations made in the above reference structural analysis report, and the structure and foundation do not exceed 100 percent of the post-construction structural rating.

Interim reports submitted prior to this final report form a basis for and are to be considered an integral part of this final report.

Respectfully submitted,
Special Inspector

Derek J. Creaser, P.E.
