RE: **TS-T-MOBILE-167-180529** – T-Mobile Northeast LLC request for an order to approve tower sharing at an existing telecommunications facility located at 1116 Johnson Road, Woodbridge, Connecticut.

Dear Mr. Simons:

The Connecticut Siting Council (Council) is in receipt of your email of August 17, 2018 requesting a second extension of time to submit documentation required to make the above-referenced filing complete in response to the Council's incomplete notice dated June 7, 2018.

The Council hereby grants a one-month extension of time to submit the required documentation by September 17, 2018.

Thank you for your attention to this matter.

Sincerely,

Melanie A. Bachman  
Executive Director

**Importance:** High

Melanie,

I am follow up regarding the pending T-Mobile tower share application referenced in the attached letter from you dated June 7, 2018. As I understand, the Connecticut Siting Council (CSC) extension for the submission of additional information was due by close of business yesterday, August 16, 2018.

I would like to request reinstatement of the application and an extension for the submission of the required information. Let me know if that can be done. I certainly appreciate your consideration.

Thanks,

RE: **TS-T-MOBILE-167-180529** – T-Mobile Northeast LLC request for an order to approve tower sharing at an existing telecommunications facility located at 1116 Johnson Road (a/k/a 1027 Racebrook Road), Woodbridge, Connecticut.

Dear Ms. Snell:

The Connecticut Siting Council (Council) received the tower share request for the above-referenced facility on May 29, 2018.

According to Section 16-50j-90 of the Regulations of Connecticut State Agencies, “no tower share application shall be approved until a complete application containing all information deemed relevant by the Council has been filed. Relevant information shall at a minimum include that listed in Section 16-50j-89 of the Regulations of Connecticut State Agencies...”

Staff has reviewed this tower share request for completeness and has identified the following deficiencies:

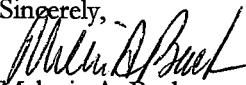

- 1) the Radio Frequency (RF) Emissions Compliance Report is for a site in the Town of East Hampton;
- 2) the owner's authorization letter agreeing to the proposed shared use of the facility is not included with the tower share request; and
- 3) the number of antenna models (radio 4449/RRUS 11 B12/ATMA4P4DBP-1A20) listed on the Structural Analysis (SA) Report prepared by B+T Group, dated March 26, 2018 do not align with numbers being installed on the site plan Sheet Number A-2 prepared by Hudson Design Group, last revised May 8, 2018 and the handrail kit depicted on same site plan is not listed on the SA report. The SA report Section 4 analysis results conclude the structure rating is 99.9 percent.

Therefore, the tower share request is incomplete at this time. The Council recommends that Crown Castle provide the RF Emissions Compliance Report for the proposed facility, the owner's authorization letter agreeing to the proposed shared use of the facility, and an updated SA Report accounting for all existing and proposed equipment that would be located on the tower as shown in the construction drawings of March 26, 2018 on or before July 12, 2018. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to July 12, 2018.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

  
Melanie A. Bachman  
Executive Director
