Wireless Telecommunications Facility

Dear David Jefferson,

I, Chad Tuttle, a registered professional engineer in the state of Connecticut with Registration No. 23924, have examined site photographs provided by the Client, last dated August 10, 2024, for the Wireless Telecommunications Facility referenced above. Based on the photographs provided; As Built drawings certified by Andrei Kazachenak of SL Universal, dated April 8, 2024; and the construction drawings by Hudson Design Group LLC dated September 29, 2022; I hereby certify that to the best of my knowledge, information, and belief all constructed improvements are in substantial compliance with the permitted construction drawings approved by the Town of Woodbridge (last revised September 29, 2022) and that said improvements meet the intent of the applicable Codes listed on said drawings (e.g., IBC and NEC).

In my professional opinion, any minor deviations from the drawings and specifications will not prevent the project from functioning in compliance with the requirements of the Town of Woodbridge and other applicable regulatory agencies listed in the drawings.

Should you have any questions or require any additional information, please do not hesitate to contact our office.

Engineer's Certification of Completion prepared by: Bhree Barrett

Respectfully submitted by: MTS Engineering P.L.L.C.

Chad Tuttle
