Re: **EM-EVER-168-210702e-** The Connecticut Light and Power Company d/b/a Eversource Energy notice of intent to modify an existing energy facility located at 143 Carmel Hill Road in the Town of Woodbury, Connecticut.

Dear Attorney Bachman:

On August 9, 2021, Eversource Energy (“Eversource”) received an acknowledgement from the Connecticut Siting Council (“Council”) of Eversource’s notice of intent to modify an existing energy facility located at 143 Carmel Hill Road, Woodbury, Connecticut (install a new transformer, switchgear and two new 115 kV breakers). The Council granted extensions of construction time on June 3, 2022 and June 2, 2023 for the Carmel Hill Substation Project. Among other conditions of the acknowledgement, the Council required that Eversource submit the following item:

- Not less than 45 days after completion of the transmission line maintenance activity, the Council shall be notified in writing that construction has been completed.

Construction was completed on October 4, 2023.

Additionally, a representative photograph of the completed modification(s) to the existing energy facility, is included as *Attachment A*.

Eversource will be providing one original and two hard copies of this notice in the mail for the Council’s records.

Sincerely,

A handwritten signature in black ink that reads "Deborah Denfeld".

Deborah Denfeld  
Team Lead – Transmission Siting
