Dear Jason Blinkhorn,

B+T Group is pleased to submit this “Construction Completion Letter” regarding the above mentioned Monopole.

We reviewed the photographs of the telecommunications equipment installed on the Monopole, taken on June 25, 2020. Based on the photographs provided, redlined cd’s dated 7/15/2020 and the construction drawings by B+T Group dated December 05, 2019, this telecommunications site has the following antennas and associated equipment installed in three sectors on the Monopole.

- (6) New DMP65R-BU6DA Antennas
- (3) New 4478 B14 RRHs
- (3) New 4449 B5/ B12 RRHs
- (3) New 8843 B2/ B66A RRHs
- (2) New DC Power Cables
- (1) New Fiber Cable
- (1) New DC6

The quantities and types of antennas and associated equipment from the photographs are in compliance, therefore, it is our opinion that the antennas and associated equipment were properly installed.

We at B+T Group appreciate the opportunity of providing our continuing professional services to you and QualTek Wireless LLC. If you have any questions or need further assistance on this or any other projects, please give us a call.
