RE: **TS-VER-168-221122** - Cellco Partnership d/b/a Verizon Wireless notice of intent to modify an existing telecommunications facility located at 85 Paper Mill Road, Woodbury, Connecticut.

Dear Katie Adams:

The Connecticut Siting Council (Council) hereby denies your request to share the above-referenced existing telecommunications facility, pursuant to Section 16-50j-90 of the Regulations of Connecticut State Agencies.

This tower share request was submitted to the Council on November 22, 2022. Council staff reviewed this request for completeness and identified deficiencies that were more fully described in a notice of incompleteness letter to the requesting entity dated December 15, 2022 and recommended that Verizon provide a rigorous cumulative far-field analysis that includes all entities located on the tower and a Mount Analysis (MA), Structural Analysis and Construction Drawings that comport with the current 2021 IBC/2022 CSBC on or before January 23, 2023.

On January 17, 2023, the Council granted an extension of time to submit the required documentation by February 23, 2023. On February 24, 2023 the Council received a response to the incomplete request that included some of the required information and issued a second notice of incompleteness dated March 1, 2023 recommending that Verizon provide an RF analysis that includes all entities located on the tower and accounts for a 6-foot tall person and the actual antenna pattern for the proposed modifications to the facility with a cumulative %MPE at or below 100 % and a MA that comports with the current 2021 IBC/2022 CSBC on or before March 31, 2023. To date the Council has not received the requested information.

Thus, the proposed tower share request is not in compliance with the criteria in Section 16-50j-89 of the Regulations of Connecticut State Agencies and is hereby denied.

Sincerely,

Melanie Bachman
Executive Director

MAB/IN/laf
