RE: **PETITION NO. 983** - BNE Energy, Inc. Declaratory Ruling that no Certificate of Environmental Compatibility and Public Need is required for the construction, maintenance, and operation of a 4.8 MW Wind Renewable Generating facility located on Flag Hill Road, Colebrook, Connecticut. **Request for Extension to Complete Construction.**

Dear Attorney Hoffman:

During a public meeting held on September 23, 2021 and pursuant to Condition No. 7 of the June 2, 2011 Decision and Order for the above-referenced matter, the Connecticut Siting Council (Council) considered BNE Energy, Inc.'s request for an extension of construction time for this declaratory ruling, dated September 14, 2021, and granted a three-year extension of time until September 23, 2024, to complete the construction of the third approved wind turbine for this facility.

This extension is granted with the understanding that the Council will be notified should BNE Energy, Inc. decide not to proceed with construction.

Sincerely,

A handwritten signature in black ink, appearing to read "Melanie Bachman".

Melanie Bachman  
Executive Director

MAB/MP/lm
