RE: SUBPETITION NO. 1133-CING-20240605 – New Cingular Wireless PCS, LLC eligible facility request for modifications to an existing telecommunications facility located at 1 Westerberg Drive, Farmington, Connecticut. **Notice of Incomplete Eligible Facilities Request.**

Dear Catherine Conklin:

The Connecticut Siting Council (Council) received the subject Eligible Facilities Request (EFR) sub-petition for the above-referenced facility on June 5, 2024.

According to the Council's decision memorandum and filing instructions of March 6, 2015 in Petition No. 1133, proof of notice to the town and abutting property owners shall be provided with the EFR. Here is a link to the Council's EFR memorandum: <https://portal.ct.gov/-/media/csc/guides/2016guides/pe113320150306dcltrpdf.pdf>

Staff has reviewed this petition for completeness and has identified a deficiency in notice to the Town of Farmington (Town) and abutting property owners. While the Town Chief Elected Official is copied on the request, there is no proof of notice to the Town. Additionally, there is no proof that notice was provided to abutting property owners.

Therefore, the EFR sub-petition is incomplete at this time. The Council recommends that AT&T provide proof of notice of the EFR to the Town and abutting property owners on or before July 12, 2024. If additional time is needed to provide the requested information, please submit a written request for an extension of time prior to July 12, 2024.

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman
Executive Director
