Re: **PETITION NO. 1176** – The United Illuminating Company petition for a declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the proposed Bridgeport 115-kV transmission line upgrade project consisting of the northern and southern sections of 115-kV lines extending from Congress Substation in the City of Bridgeport to Baird Substation in the Town of Stratford, Connecticut, and related substation improvements - **Notice of Completion of Construction**

Dear Attorney Bachman:

The United Illuminating Company ("UI") received acknowledgement from the Connecticut Siting Council ("Council") on September 17, 2015 that the UI proposed Bridgeport 115-kV transmission line upgrade project consisting of the northern and southern sections of 115-kV lines extending from Congress Substation in the City of Bridgeport to Baird Substation in the Town of Stratford, Connecticut, and pursuant to Connecticut General Statutes Section 16-50k, would not require a Certificate of Environmental Compatibility and Public Need. UI submits this letter to provide notice that construction for this project was completed in April of 2020 in accordance with the Council's conditions. Enclosed are this original and two (2) copies of this Notice of Completion.

Please do not hesitate to contact me at (203) 499-2586 with any questions.

Sincerely,

Amy Hicks
Outreach Specialist
The United Illuminating Company
