Notice of Completion

Dear Attorney Bachman:

On November 26, 2018, Eversource Energy (“Eversource”) received an acknowledgement from the Connecticut Siting Council (“Council”) of Eversource’s notice to replace 29 transmission structures at various locations along the Eversource transmission right-of-way in the Towns of Farmington, West Hartford, Avon, Bloomfield and Simsbury subject to conditions. On September 13, 2019 Eversource was granted an extension from the Council to complete activities associated with the structure replacement project by November 26, 2020. Among other conditions of the acknowledgement, the Council required that Eversource submit the following item:

- Not less than 45 days after completion of the transmission line maintenance activity, the Council shall be notified in writing that construction has been completed.

Construction was completed on August 14, 2020.

Due to COVID-19, Eversource is submitting this notice electronically and will be providing one hard copy in the mail for the Council’s records.

Sincerely,

Kathleen M. Shanley
Manager, Transmission Siting
