RE: Request for Extension. Sub-Petition 1293-SBM-01 (Southington, Berlin, and Meriden), 3754/3041  
Transmission Lines Structure Replacement Project.

Dear Attorney Bachman:

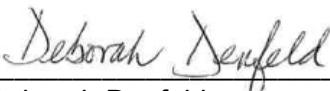

The Connecticut Light and Power Company doing business as Eversource Energy (“Eversource”) received approval from the Connecticut Siting Council (“Council”) on May 24, 2021 for Sub-Petition No. 1293-SBM-01. On March 10, 2022 Eversource was granted a one-year extension to complete the transmission line maintenance activities associated with the above-referenced Sub-Petition by May 24, 2023. In its May 24, 2021 letter acknowledging the above referenced Sub-Petition, the Council included conditions, regarding the need for additional time to complete maintenance activities on the above-referenced Sub-Petition based on the following condition:

- The petitioner may file a request for an extension of time beyond the one-year deadline provided that such request is submitted to the Council not less than 60 days prior to the expiration.

The project has experienced delays due to a number of factors and Eversource hereby requests that the deadline to complete these activities be extended to May 24, 2024.

Thank you for your attention to this matter. If you have any questions or comments, please call me at (860) 728-4654.

Sincerely,
