Re: Petition No. 1293-SWEWES-01 (South Windsor, East Windsor, Ellington, Somers) Notice of Completion

Dear Attorney Bachman:

On December 23, 2019, Eversource Energy (“Eversource”) received an acknowledgement from the Connecticut Siting Council (“Council”) of Eversource’s notice to replace 35 transmission structures at various locations along the Eversource transmission right-of-way in the Towns of South Windsor, East Windsor, Ellington and Somers subject to conditions. On October 21, 2020 Eversource was granted an extension from the Council to complete activities associated with the structure replacement project by December 23, 2021. Among other conditions of the acknowledgement, the Council required that Eversource submit the following item:

- Not less than 45 days after completion of the transmission line maintenance activity, the Council shall be notified in writing that construction has been completed.

Construction was completed on January 15, 2021.

Due to COVID-19, Eversource is submitting this notice electronically and will be providing one hard copy in the mail for the Council’s records.

Sincerely,

Kathleen M. Shanley  
Manager, Transmission Siting
