Re: **PETITION NO. 1321** – The United Illuminating Company petition for a declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the proposed modifications to the existing East Shore Substation located at 1 Waterfront Street, New Haven, Connecticut. - **Notice of Completion of Construction**

Dear Attorney Bachman:

The United Illuminating Company ("UI") received acknowledgement from the Connecticut Siting Council ("Council") on October 26, 2017 that the UI proposed modifications to its existing East Shore Substation located at 1 Waterfront Street in New Haven, and pursuant to Connecticut General Statutes Section 16-50k, would not require a Certificate of Environmental Compatibility and Public Need. UI submits this letter to provide notice that construction for this project was completed in June of 2020 in accordance with the Council's conditions. Enclosed are this original and two (2) copies of this Notice of Completion.

Please do not hesitate to contact me at (203) 499-2586 with any questions.

Sincerely,

Amy Hicks
Outreach Specialist
The United Illuminating Company

cc: The Honorable Justin Elicker, Mayor, City of New Haven
