RE: **PETITION NO. 1323** – Windham Solar LLC declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the proposed construction, maintenance and operation of three 2.0 Megawatt AC and two 1.0 Megawatt AC solar photovoltaic electric generating facilities on an approximate 43 acre parcel located at 134 Bilton Road, Somers, Connecticut. **D&M Plan Modification**

Dear Mr. Broyer:

The Connecticut Siting Council (Council) is in receipt of your correspondence dated October 27, 2020 regarding the modification to the Development and Management (D&M) Plan for the above referenced site that was approved by the Council on November 9, 2018.

Pursuant to Regulations of Connecticut State Agencies §16-50j-62(b), your request for the extension of the approved access road (approximately 30 feet) to the Massachusetts state line is hereby approved. This revision is required to facilitate access to the contiguous parcel for solar development in East Longmeadow, Massachusetts and to satisfy Condition 2 of the Town of East Longmeadow Zoning Board of Appeals April 1, 2020 approval of the roadway frontage variance.

This approval applies only to the D&M Plan revision dated October 27, 2020. Any significant changes to the D&M Plan require advance Council notification and approval.

Thank you for your attention and cooperation.

Sincerely,

s/Melanie A. Bachman
