Re: **PETITION NO. 1372** – Derby Fuel Cell, LLC petition for a declaratory ruling, pursuant to Connecticut General Statutes §4-176 and §16-50k, for the proposed construction, maintenance and operation of a 14.0-megawatt fuel cell facility and associated equipment to be located at 200 Roosevelt Drive, Derby, Connecticut.

Dear Ms. Bachman:

FuelCell Energy, Inc. notes that in the package of drawings submitted in connection with the Set Two D&M Plan Interrogatory Responses, reference on the Title Page and in the margin of the drawings is made to “14Mwh.” This a typographical error. The project that is the subject of this Petition has a nameplate capacity of 14.0 MW.

Very truly yours,
