RE: PETITION NO. 1378 – Greenskies Renewable Energy, LLC (GRE) petition for a declaratory ruling, pursuant to Connecticut General Statutes §4-176 and §16-50k, for the proposed construction, maintenance and operation of a 5.0-megawatt AC solar photovoltaic electric generating facility on approximately 16.5 acres located generally east of Taugwonk Road and Taugwonk Spur Road and north of Interstate 95 in Stonington, Connecticut and associated electrical interconnection.

Dear Attorney Hoffman:

The Connecticut Siting Council (Council) received the petition for the above-referenced facility on August 20, 2019.

According to Section 16-50j-39a of the Regulations of Connecticut State Agencies, “no declaratory ruling shall be issued to any person until a complete petition containing all information deemed relevant by the Council has been filed.”

Staff has reviewed this petition for completeness and has identified a minor deficiency. Specifically, the entire text portion of the petition is marked “DRAFT.” It is unclear if the petitioner intends to submit an updated final version of the petition or if the “DRAFT” watermark was an inadvertent error. Therefore, the petition is incomplete at this time. The Council recommends that the petitioner provide clarification in writing on whether or not this was an inadvertent error on or before September 3, 2019. If additional time is needed, please submit a written request for an extension of time prior to September 3, 2019.

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie A. Bachman
Executive Director
