RE: **PETITION NO. 1401** - Revity Energy, LLC declaratory ruling, pursuant to Connecticut General Statutes §4-176 and §16-50k, for the proposed construction, maintenance and operation of a 12.25-megawatt AC solar photovoltaic electric generating facility on approximately 74.9 acres located at 424 Snake Meadow Road, Plainfield, Connecticut and 0 Valley Road, Sterling, Connecticut, and associated electrical interconnection to Eversource Energy's Fry Brook Substation.

Dear Attorney McDermott:

The Connecticut Siting Council (Council) is in receipt of the request for an extension of construction time in the above-referenced matter, dated April 26, 2023. Pursuant to Condition No. 6 of the Declaratory Ruling issued on July 20, 2020, the Council hereby grants your request for an extension of time to complete the construction of this facility until July 20, 2025.

This extension is granted with the understanding that the Council will be notified should Revity Energy, LLC decide not to proceed with construction.

Sincerely,

Melanie A. Bachman
Executive Director

Re: Petition No. 1401 - Revity Energy, LLC petition for a declaratory ruling, pursuant to Connecticut General Statutes §4-176 and §16-50k, for a 12.25-megawatt AC solar PV facility located at 424 Snake Meadow Road, Plainfield, Connecticut

Dear Ms. Bachman:

In its July 20, 2020 decision (the “Decision”), the Connecticut Siting Council (the “Council”) approved the construction, maintenance and operation of a 12.25-megawatt AC solar photovoltaic electric generating facility (the “Facility”) to be located at 424 Snake Meadow Road in Plainfield, Connecticut.

Condition No. 6 of the Decision requires that the Facility be constructed within three years from the date of the mailing of the Council’s Decision. In accordance with Condition No. 7 of the Decision, Revity Energy, LLC (the “Company”) hereby respectfully requests a two-year extension of time – until July 20, 2025 – to complete construction of the Facility. The Company continues to evaluate the economic viability of the project and identify ways to capitalize on the State’s emergent clean energy opportunities, thereby, ensuring that the project advances the State’s clean energy goals and delivers clean and affordable electricity.

An original and fifteen (15) copies of this filing will be mailed to the Council.
