Justin Adams
Bloom Energy Corporation
4353 North First Street
San Jose, CA 95134

RE: **PETITION NO. 1402** - Bloom Energy Corporation petition for a declaratory ruling, pursuant to Connecticut General Statutes §4-176 and §16-50k, for the proposed construction, maintenance and operation of a 350-kilowatt customer-side fuel cell facility and associated equipment located at Western Connecticut State University, 7 University Boulevard, Danbury, Connecticut.

Dear Mr. Adams:

The Connecticut Siting Council (Council) requests your responses to the enclosed questions (Set 2) no later than May 12, 2020. To help expedite the Council's review, please file individual responses as soon as they are available. At this time, consistent with the Council's policy to prevent the spread of Coronavirus, please submit an electronic copy only to siting.council@ct.gov. However, please be advised that the Council may later request one or more hard copies for records retention purposes.

Any request for an extension of time to submit responses to interrogatories shall be submitted to the Council in writing pursuant to §16-50j-22a of the Regulations of Connecticut State Agencies.

Sincerely,

s/ Melanie A. Bachman

Western Connecticut State University

Interrogatories – Set 2

6. Is the project interconnection required to be reviewed by ISO-NE?
7. Concerning the excess power being sold to the grid, is it being sold under the Net Metering tariff, Virtual Net Metering tariff or to a third party other than the EDC? Please explain.
8. Please explain why there is no useful waste heat generated by the fuel cell.
9. Has Bloom considered this fuel cell project for combined heat and power (CHP) application? If so, please explain why the CHP application is not being implemented.
10. Have there been discussions with WSCU relating to a potential CHP application? If so, what was the response?
