Dear Mr. Gleason,

My name is Christopher Ross and I am with Greenskies Clean Energy in Middletown, CT. Founded in 2009, Greenskies has constructed and operates over 230 Megawatts of solar projects throughout the country, however most of our work takes place right here in Connecticut.

I am reaching out to you because we are developing a 5-Megawatt ground-mounted solar array at 227 Boom Bridge Rd, owned by the Beriah Lewis Farm. An integral part of our early stage development process is neighbor outreach. As a direct abutter to the project site, we would like to address any questions or concerns you may have regarding the project.

For reference, I have included a map of the project location in relation to your property. Please feel free to contact me at any time if you would like to discuss the project in greater detail. Thank you for your time.

Kind Regards,

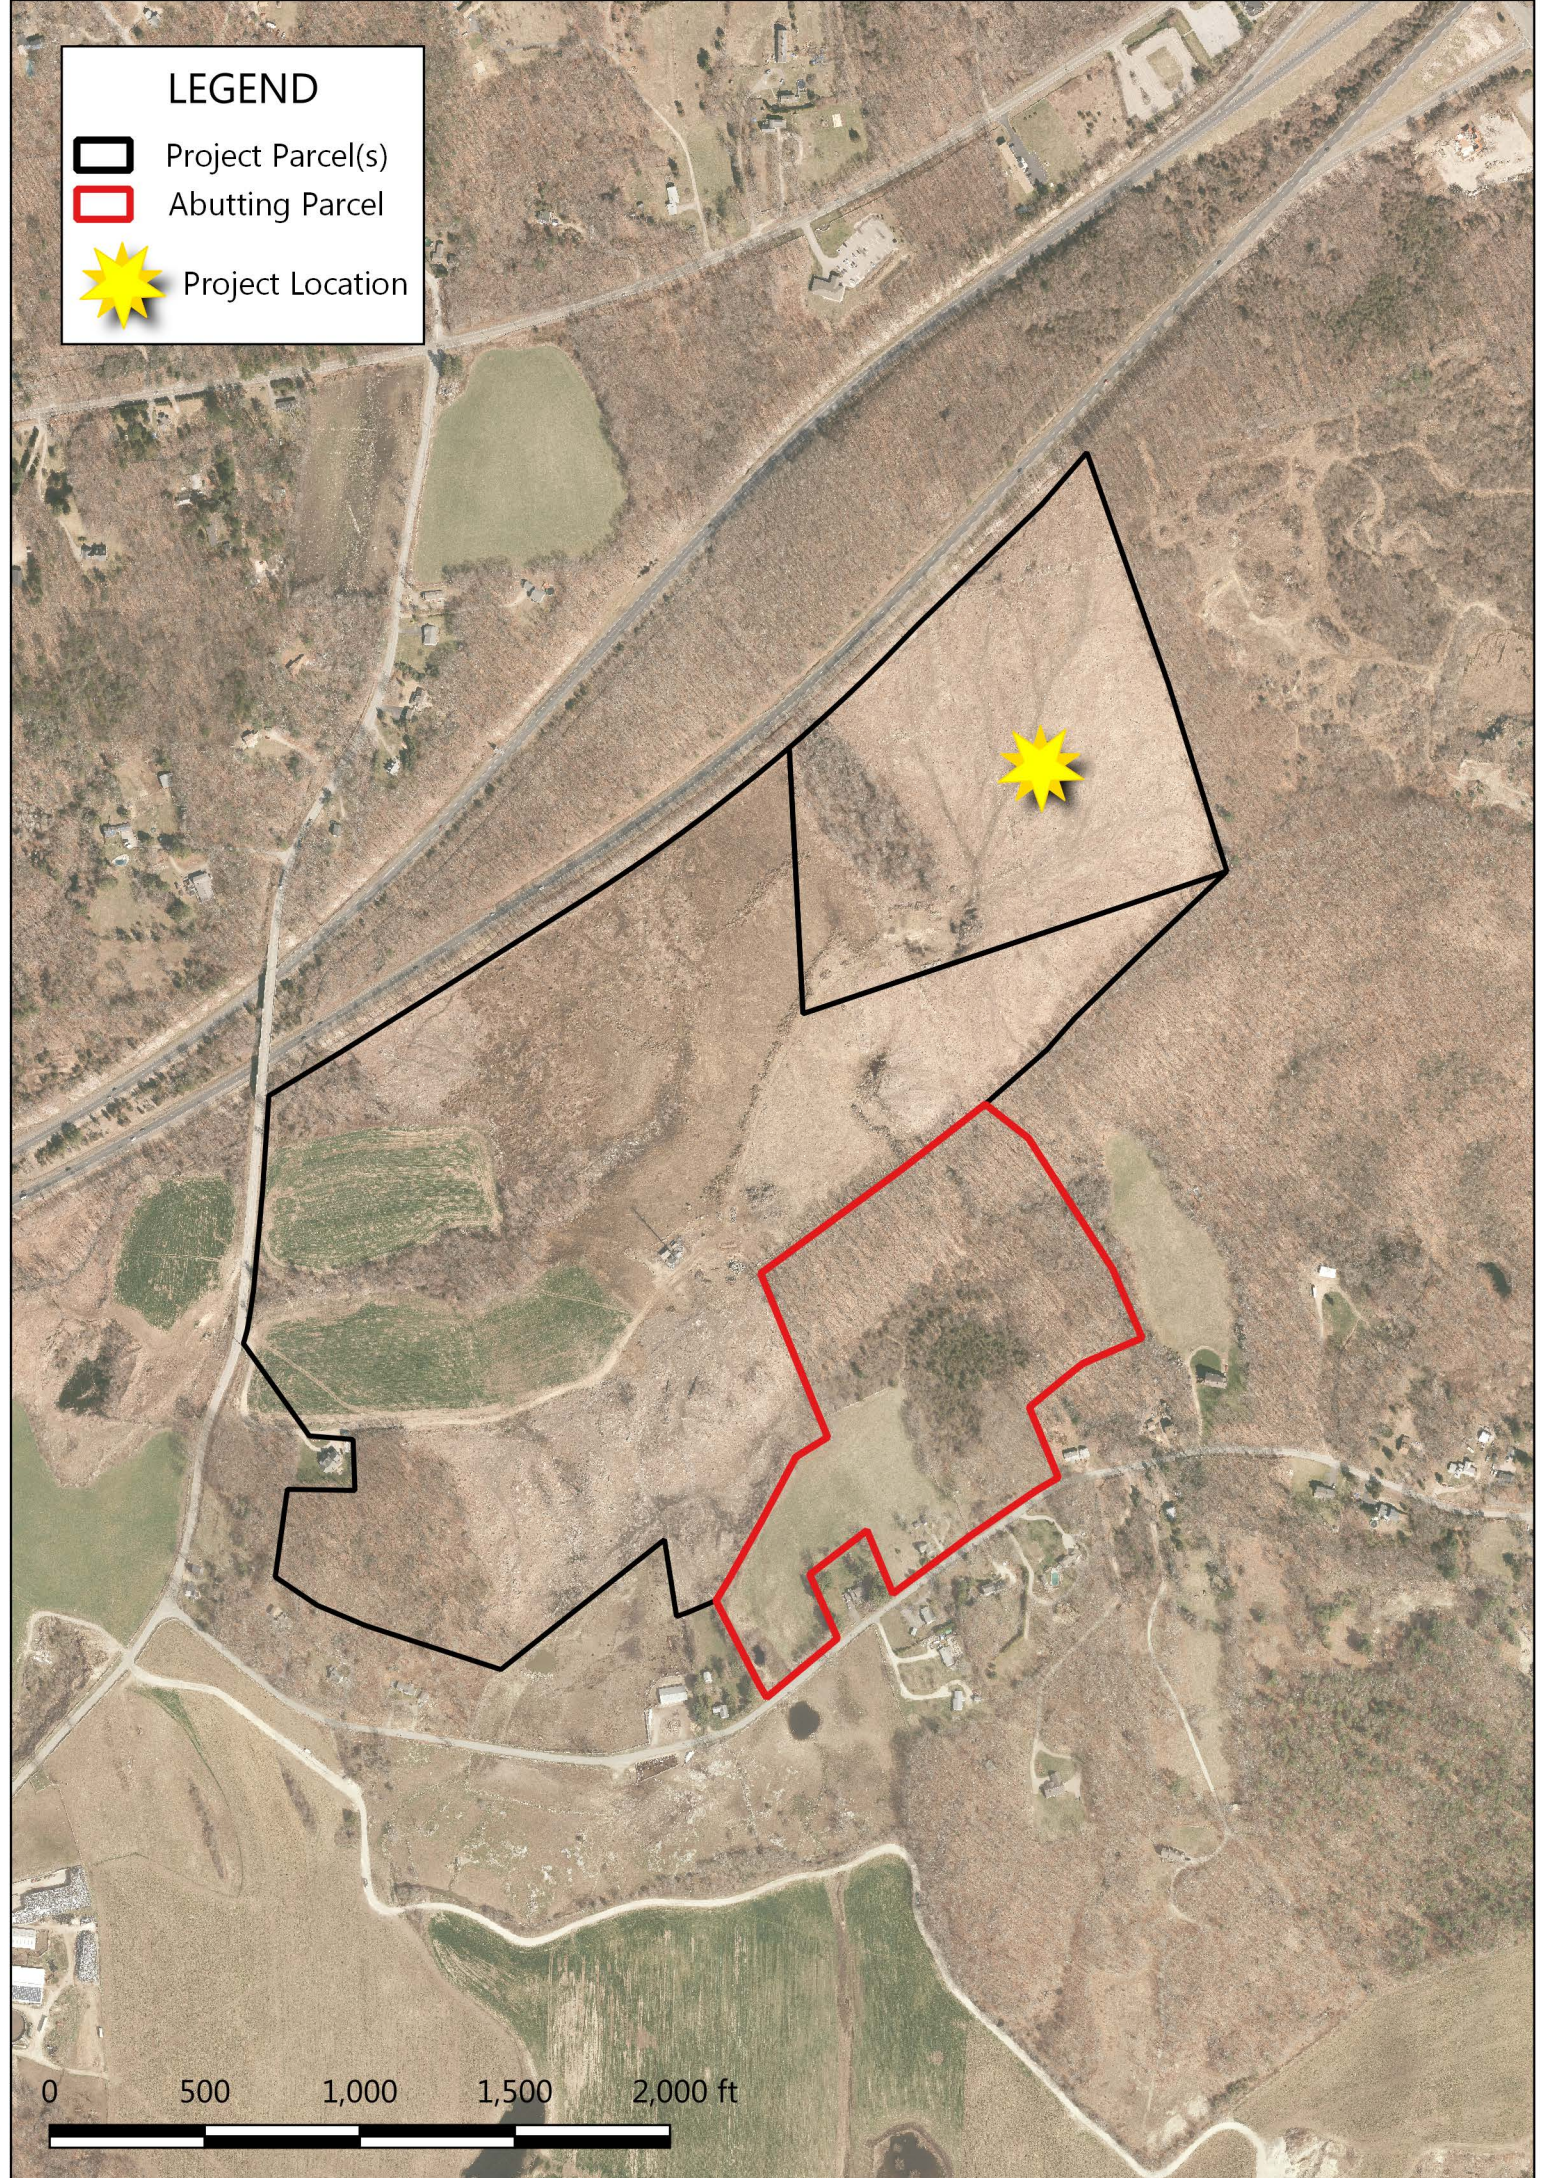

Christopher Ross
