Hartford, CT 06103-3702

RE: **PETITION NO. 1422** - Greenskies Clean Energy, LLC petition for a declaratory ruling, pursuant to Connecticut General Statutes §4-176 and §16-50k, for the proposed construction, maintenance and operation of a 4.99-megawatt AC solar photovoltaic electric generating facility to be located at Mulnite Farms, Inc. off Barber Hill Road west of the intersection with Rockville Road, East Windsor, Connecticut and associated electrical interconnection.

Dear Attorney Hoffman:

The Connecticut Siting Council (Council) requests your responses to the enclosed questions no later than February 16, 2021. To help expedite the Council's review, please file individual responses as soon as they are available. At this time, consistent with the Council's policy to prevent the spread of Coronavirus, please submit an electronic copy only to siting.council@ct.gov. However, please be advised that the Council may later request one or more hard copies for records retention purposes.

Any request for an extension of time to submit responses to interrogatories shall be submitted to the Council in writing pursuant to §16-50j-22a of the Regulations of Connecticut State Agencies.

Sincerely,

s/Melanie Bachman

Petition No. 1422
Interrogatories
Set Two
February 4, 2021

61. Of the letters sent to abutting property owners, how many certified mail receipts were received? If any receipts were not returned, which owners did not receive their notice? Were any additional attempts made to contact those property owners?
62. Since the Petitioner's December 11, 2020 letter with attached Public Outreach Record, did the Petitioner receive any additional abutter or neighbor comments on the proposal? If so, provide a summary of the comments received.
63. Do the proposed solar modules pass the Toxicity Characteristic Leaching Procedure (TCLP) test? Please submit the specifications that indicate the proposed solar modules are not characterized as hazardous waste. If the project is approved, would the Petitioner commit to the installation of solar modules that pass the TCLP test?
64. Referencing the response to Council interrogatory 31, on September 29, 2020, the Petitioner filed with the Federal Aviation Administration (FAA) for a review of potential hazard to air navigation. Please provide a copy of such FAA determination if available.
65. Please respond to the January 20, 2021 comments from the Connecticut Airport Authority.
