Re: PETITION NO. 1426 - East Windsor Solar One, LLC petition for a declaratory ruling, pursuant to Connecticut General Statutes §4-176 and §16-50k, for the proposed construction, maintenance and operation of a 4.9-megawatt AC solar photovoltaic electric generating facility located west of the Ellington town boundary at 341 East Road, East Windsor, Connecticut and associated electrical interconnection.

Dear Ms. Bachman:

Thank you for the Council's August 3, 2021 correspondence related to the provision of water and electricity in connection with the above-referenced Petition. Given this latest correspondence, the Project now has everything it requires to commence construction. Accordingly, this letter will serve as notification to the Council that the project will commence construction on or about Thursday, August 5, 2021.

In addition, this letter will serve as a formal request to the Council regarding the reporting requirements found in RCSA §16-50j-62. Under RCSA §16-50j-62(b)(3), the project is presently required to provide the Council with a monthly progress report relating to its construction. The project respectfully requests that the Council modify the reporting time intervals from monthly to quarterly, as the Council is empowered to do under section 16-50j-62(b)(3).

Thank you in advance for your prompt consideration of this matter. Should you have any questions concerning this submittal, please contact me at your convenience. I certify that copies of this submittal have been made to all parties on the Petition's Service List as of this date.

Sincerely,

Lee D. Hoffman
