RE: **Petition No. 1437** - Burlington Solar One, LLC petition for a declaratory ruling, pursuant to Connecticut General Statutes §4-176 and §16-50k, for the proposed construction, maintenance and operation of a 3.5-megawatt AC solar photovoltaic electric generating facility and associated electrical interconnection located at Lot 33, Prospect Street, Burlington, Connecticut.

Dear Attorney Hoffman:

The Connecticut Siting Council (Council) is in receipt of your correspondence dated November 13, 2020 submitted in response to the Council's November 9, 2020 notification of an incomplete petition for a declaratory ruling with regard to the above-referenced matter.

The receipt of proof of service of a copy of the petition for a declaratory ruling on State Senator Derek Slap satisfies Item (a) of the Council's November 9, 2020 notification of an incomplete petition for a declaratory ruling.

However, Item (b) of the Council's November 9, 2020 notification of an incomplete petition for a declaratory ruling remains outstanding at this time. A letter from the Department of Energy and Environmental Protection that the proposed facility will not materially affect the status of core forest has yet to be submitted.

Thank you for your attention and cooperation.

Sincerely,

s/Melanie A. Bachman
