**RE: PETITION NO. 1441 - Bloom Energy Corporation petition for a declaratory ruling, pursuant to Connecticut General Statutes §4-176 and §16-50k, for the proposed construction, maintenance and operation of a customer-side 1,750-kilowatt fuel cell facility and associated equipment to be located at Yale New Haven/Lawrence & Memorial Hospital, 412 Ocean Avenue, New London, Connecticut**

Dear Attorney Bachman:

On May 7<sup>th</sup>, 2021, the Connecticut Siting Council (“Council”) approved by declaratory ruling a proposed Bloom Energy Corporation (“Bloom”) fuel cell facility (the “Facility”) at the Yale New Haven/ Lawrence & Memorial Hospital located at 412 Ocean Avenue, New London CT (the “Site”).

Since that time, a minor change has occurred to the underground utility locate, due to the ethernet company looking to pull from a street utility pole and connect to our equipment pad. The last 10’ of the conduit run extends beyond the hospital property line into the public right of way. We are respectfully requesting the Council’s review and approval on this change.

Should you have any questions, concerns, or require additional information, please contact me at (917) 803-4511.

Sincerely,  
Bloom Energy
