RE: **PETITION NO. 1452** - New Cingular Wireless PCS, LLC (AT&T) petition for a declaratory ruling, pursuant to Connecticut General Statutes §4-176 and §16-50k, for the proposed installation of a small cell wireless telecommunications facility on a new approximately 38-foot 6-inch Eversource-owned utility pole that is not used principally for electric distribution service to be located in the public right-of-way adjacent to 36 Drinkwater Place, Greenwich, Connecticut.

Dear Attorney Patrick and Attorney Chiocchio:

The Connecticut Siting Council (Council) requests your responses to the enclosed questions no later than June 1, 2021. To help expedite the Council's review, please file individual responses as soon as they are available.

Please forward an original and 15 copies to this office, as well as a copy via electronic mail to [siting.council@ct.gov](mailto:siting.council@ct.gov). In accordance with the State Solid Waste Management Plan, the Council is requesting that all filings be submitted on recyclable paper, primarily regular weight white office paper. Please avoid using heavy stock paper, colored paper, and metal or plastic binders and separators. Fewer copies of bulk material may be provided as appropriate.

**Please be advised that the original and 15 copies are required to be submitted to the Council's office on or before the June 1, 2021 deadline.**

Any request for an extension of time to submit responses to interrogatories shall be submitted to the Council in writing pursuant to §16-50j-22a of the Regulations of Connecticut State Agencies.

Sincerely,

*s/Melanie A. Bachman*

**Interrogatories – Set One**

1. Would the proposed facility obscure visibility of the existing school speed limit sign from any dimension of a vehicular road or driveway? Explain.
2. Provide a drawing of the electric and telecommunications interconnection route.
3. Provide the following information: number of channels per sector for each antenna system that would be installed on the proposed tower, ERP per channel for each antenna system, and frequency at which each antenna system would operate.
4. Page 2 of the petition says two 23-foot 4-inch by 23-foot 4-inch antenna would be mounted to the top of the utility pole. Please clarify the antenna dimensions.
5. Would the proposed facility have backup power? If so, how long would the backup power run during a power outage?
6. What are the proposed construction hours and days of the week?
