Re: **Petition 1468** - The Connecticut Light and Power Company d/b/a Eversource Energy petition for a declaratory ruling for the Montville to Horton Cove Rebuild Project

Dear Attorney Bachman:

On January 28, 2022, Eversource Energy (“Eversource”) received a ruling from the Connecticut Siting Council (“Council”) stating that the proposed Montville to Horton Cove Rebuild Project would not have a substantial environmental effect. Among other conditions of the ruling, the Council required that Eversource submit the following item:

- Within 45 days after completion of construction, the Council shall be notified in writing that the construction has been completed.

Construction was completed on June 21, 2023. We apologize for the delay in submitting this notice.

Additionally, a representative photograph of the completed Project is included as *Attachment A*.

Eversource will be hand delivering to your office this afternoon two hard copies of this notice for the Council’s records.

Sincerely,

A handwritten signature in cursive script that reads "Deborah Denfeld".
