Subject: Petition 1468: Request for Extended Sunday Hours, 4/2/23

Dear Ms. Bachman:

We are requesting staff review and approval for extended work hours for the above referenced project on this Sunday, April 2nd from 8AM-7PM. Eversource is requesting these additional work hours in order to complete testing of the new terminal, breakers and associated equipment within the current outage. This work has been delayed due to the outage being rescheduled due to the recent storm.

The work during the extended hours will be entirely within the control enclosure. The only noise generated will be by the vehicles driven by the workers to arrive and leave the substation.

We have notified the Town of Montville of our intention to submit this request to the Council and they do not object to these extended work hours.

Please do not hesitate to contact me should you have any questions regarding this request.

Thank you for your consideration of this matter.

Best,

Sue
