Hi Pat,

I did get confirmation on this, the 2 megawatt cutoff if based on AC, not DC so no letter required on this one.

Steve

Dear Pat,

Thank you for your request, I am forwarding it to Steve Anderson of our office, who handles our agency's solar petitions.

Hope this note finds you and your family well. Best, Cam

Good Afternoon,

I am reaching out to request some help with a requirement needed to request a petition for declaratory ruling for a Rooftop Solar PV Project located at 40 Pepe Farm Road, Milford, CT.  
As part of the declaratory ruling application/request to the CT Citing Council, given the size of this project (2.1 MW DC) we need to provide a letter from the CT Dept of Agriculture that this project will not have any material impact on prime farmland. I seek your assistance in providing such letter/notice.

I hope that this will be an easy task for you as this project is going to be located on a roof of an existing building on an already developed light industrial zoned project.

I have attached some more details to help with this request.

Thanks.

**Pat Hastings**
